EXPERIENCE

Freelancer at Nina Marie Visuals. Photographer at Nina Marie Photography
June 2017 - Present | Hudson Valley New York & New Jersey Area

Provide high-quality 3D services to multiple companies, specializing in modeling, sculpting, rendering, and retouching. Work spans across key visuals, animations, and product visualization for major consumer brands.

Capture engagement, wedding, and newborn family portraits, delivering high-quality, story-driven imagery for clients. Specialize in on location photography, primarily using natural lighting, posing and post-processing to create timeless, professional photos.

Senior CGI Artist at Vault 49
September 2024 - December 2025 | 45 W 27th St, New York, NY 10001

Created high-quality renders and animations for top brands, including Life Water, Propel, Ketel One, Doritos, Baileys, Guinness, and Angry Orchard.

Senior CGI Artist at Design Bridge
October 2020 - August 2024 | 3 World Trade Center, Floor 16, New York, NY 10007

Rendered and Retouched Key visuals and animations for major consumer brands; such as Colgate, Mastercard, Lindt, Lor, etc. Also created stunning Key Visuals for high end spirit brands, such as Smirnoff, Captain Pabst, PDT, OTR, Ketel One, and Basil Hayden.

Led and mentored junior team members and interns.

Recognized with multiple awards for original artwork.

Senior Retoucher at AT&T/DIRECTV's In-House Creative Services Department
August 2014 - October 2020 | 1 Rockefeller Center, New York, NY

Created original content via Retouching, Compositing and 3D for DIRECTV's multiple lines of businesses, such as Audience Network Channel, Sports Advertising, Super Saturday Night and NFL Sunday ticket.

Created high quality large scale print campaigns featured on Times Square billboards, all the way down to designing small scale animations for the use of social media.

INTERNSHIPS:

Retouching, Filtre Studio, Saint Charles, IL, June 2013 - August 2014
Exercised use of color theory and advanced compositing techniques for client work.

Think Alter, Chicago, IL, Summer 2013
Produced original content for company blog posts with the use of Maya & 3D modeling.
